

Winter is coming

Maybe you don't believe the scientists, but you've got to believe Ned Stark. If he says Winter is Coming, you'd better be prepared.

Here's a [link to John Snow's bike](#). Some will ask why you'd want to ride in the rain? Simple. When El Nino hits, even Daenerys Targaryen's dragons will be taking cover. Fear of dragons is not over-rated. Take advantage of every dragon-free day on the bike you can!
