

West Alpine video now up

This is from yesterday's (6/12/2011) climb up West Alpine Road, one of the classic Bay Area climbs. Fantastic ride and can be part of a pretty short (under 40 miles) ride from Woodside. Below is an example of a 35 mile ride starting & ending in Woodside. A very challenging 35 mile ride to be sure, with two good climbs (Old LaHonda and West Alpine). Food & water is available in LaHonda, but once on the West Alpine climb you're on your own, so bring two full water bottles. --Mike--
