

We want YOU! Join the (free) Strava Chain Reaction Team!

The screenshot shows the Strava website interface. At the top, there is a navigation bar with the Strava logo, links for 'FEATURES', 'HOW IT WORKS', and 'PLANS', and buttons for 'Sign Up' and 'Log In'. Below this is a yellow banner with a 'Sign Up' button and the text 'Sign up to Strava to see more details about Chain Reaction Bicycles.' To the right of the banner are 'Metric' and 'English' dropdown menus. The main content area features the 'Chain Reaction Bicycles' club profile. It includes a circular logo with 'CHAIN REACTION BICYCLES' text, the club name, location ('Redwood City, CA, United States'), and a description: 'Chain Reaction Bicycles in Redwood City & Los Altos, California. We like hills!'. Below the profile is an 'ACTIVITY FEED' section with three entries: 1) Mike Jacobowsky rode 53.1 mi and climbed 5,518 ft on 53 miles (Sunday, November 13, 2011); 2) Kevin Jacobowsky rode 58.0 mi and climbed 6,037 ft on 58 miles (Sunday, November 13, 2011), with a note '2nd fastest time on Old La Honda and 6 more'; 3) Dick R. rode 21.5 mi and climbed 1,311 ft on 21 miles (Sunday, November 13, 2011).

If you've got a Garmin bike computer, or a GPS-enabled phone (many Androids and iPhone 3GS, 4 & 4S models), you can easily keep track of your rides on-line, for free! And who knows when we might offer special discounts and events just for members of our Chain Reaction Team Strava. We just started, and we're needing some help because I was gone for 10 days this month (and my son got lazy while I was gone and didn't log any rides either).

If you haven't joined Strava, try it out. Like I said, it's free (you can pay \$59/year for advanced stuff if you want, but the free version does pretty amazing stuff), and you can sign up here. Once you're a member, follow this link and join our team! No obligation, nothing to buy. :-)
