

Great ride Tuesday but no write up?

Go figure. Had one of my best times up Kings in years and don't get anything up on the almost daily diary 'cuz things have remained really busy at the shop. Which is great, but it's left me so tired by the time I get home that some things get left undone. Suffice it to say that I'm quite happy with a 26:30 time up Kings at this time of year. -Mike-
