The Sequoia Century as seen by Frank P (from our Los Altos store)

Frank P in our Los Altos store sent us this link to a video he put together from the Sequoia Century. Warning, this is not the "abbreviated" Century-in-5-minutes that you might have expected. Part 1, shown here, is just over an hour... about as long as it feels like you spend on Redwood Gulch. :-) --Mike--

Sequoia (part 1) from Frank Paysen on Vimeo.
