

The coast is clear!

Beautiful day on the coast, trying rigidity out how the iPhone wordpress app can upload photos. Five or six cyclists at the bakery. Shooting lots of video, some of which will hopefully come out!

Ok maybe I figured it out? Hmm... maybe not. Looking at this post tonight I can't figure out how to get the text to wrap around the photo. Guess I should mention that I was trying to show the costume of the girl running the register at the bakery? That might not have been obvious.
